preferred caterers
The caterer or vendor you select will guarantee the success of your event. Our preferred vendors will do everything for you, from initial party planning through last-minute details. Here is a list of preferred caterers who have experience working in our facility, and are familiar with the Museum’s layout, rules, and regulations.

If you choose a caterer not on this list, we require that a representative from the catering company meets with us before the final approval of the event is granted. A cleaning deposit will be required upon booking an event.

**Zable Theater**

The 3D/4D Zable Theater uses advanced 3D technologies and takes it to the next level of experience; employing interactive seats and unique special effects built into the theater itself. By creating a set of “4D” effects synchronized to the films, the 3D/4D Zable Theater adds another layer of immersive and experiential fun for audiences of all ages.

**Pricing:** $300 per hour (2 hour consecutive minimum, seats 36 guests)

**Max Flight Interactive Ride**

The Dual-Seater is ready to duel! The FS2000 Two-Seat Flight Simulator is part of an all-new, sleek squadron of indoor full-motion multi-role aircraft rides.

Each is poised for the sharp banks, sky loops and screaming dives of pulse-pounding aerial combat and is completely controlled by the pilots themselves! The 360-degree pitch, roll, spin and spiral action is real while riders fly any one of Max-Flight’s combat and flight training programs on a huge 58” screen in the cockpit.

Faster, sharper and more exciting than any indoor thrill-ride on the market, the FS2000 lets guests be pilot or gunner or both as they engage in interactive dog fighting, carrier landings, flight training and aerobatic maneuvers with the finest, most realistic graphics available. You must be at least 44 inches tall to be able to go on the Interactive Ride.

**Pricing:** $300 per hour (2 hour consecutive minimum, seats 2 guests)
SPEED: Science in Motion

SPEED: Science in Motion – a fun, interactive special exhibition exploring the technology behind the fastest vehicles known to man – is now open to the public at the San Diego Air & Space Museum.

Designed and Produced by Scitech and Produced by Imagine Exhibitions, SPEED: Science in Motion is an immersive and fun adventure for all ages, testing minds and bodies in a unique and engaging environment.

SPEED: Science in Motion features the fastest vehicles mankind has every produced, including space ships, rockets, planes, trains, race cars, motorcycles, jet boats, and more!

Through simple explanations of complex ideas and demonstrations of how the laws of physics and complex mechanics combine with human reaction and response, the mysteries of these peak performance endeavors are revealed in a relatable and practical way.

SPEED: Science in Motion features exciting, interactive and informative exhibits complimented by in-depth support resources for children, parents and teachers alike.

**Pricing:** $5 per person

ACE Racers

“Drive Fast or Go Home” is the motto of these exciting simulators where you can race multi-player against your friends on some of the most famous race tracks in the world, including Monaco, Monterey, Le Mans and Indianapolis Motor Speedway. The seats mimic the motion as if you are actually driving a car. Don’t miss it!

**ACE Simulator $400 per hour** (2 hour consecutive minimum seats 4)
